- o Programador x
- o Soy dalto
- o Programación ATS
- o Víctor robles web
- o Fazt
- o AlexCG Design

## WORK EXPERIENCE

**CABRACA TECHNOLOGY – Frontend Developer**
2021 - ACTUALIDAD
I have made several pages that are still in development to be able to introduce much more information and that can be more interactive, Cabraca technology is a personal company created to be able to upload personal projects which are for clients who want to publicize their online stores or whose information is made known to be more recognized and easier to contact.
